

Accreditation and Recognition panel member

Name: Simmy Daniel

Team member

Job title: Workforce Development Lead Pharmacist, East London NHS Foundation Trust & Programme Delivery lead, North East London Integrated Care System Partners

Simmy currently works as the workforce development lead at East London NHS Foundation Trust. Additionally, Simmy also works as the Programme delivery lead for the pharmacy workforce transformation group within NHS North East London Integrated Care System (NEL ICS), where she leads on different system wide workforce transformation projects.

Previously, Simmy has worked in other acute and mental health hospitals since 2013- so has an appreciation of both sectors. Additionally, Simmy's clinical experience ranges from working in psychiatric intensive care units to working as an independent prescriber for memory clinics. Simmy has a strong background in recruitment & retention strategy and in developing education and training for pharmacists, pharmacy technicians, and support staff, which includes leading on mental health simulation training for pharmacy.
