

Accreditation and Recognition panel member

Name: Catherine Roberts

Team member

Job title: Medicines Management Technician, University Hospitals of Northamptonshire

Catherine has successfully completed her apprenticeship and recently qualified and registered as a Pharmacy Technician in September 2023. Her experience covers community and hospital pharmacy, currently working at Northampton General Hospital, mainly based in admissions.

Catherine has a keen interest in supporting and developing others to thrive in their careers in pharmacy. Within her current role she supports Pharmacy Technician students to learn about the medicines management role.

She is very excited to continue developing her own career by undertaking relevant training so that she can help support others to achieve their goals, whilst achieving her own. For Catherine, being a panel member is a huge honour and she looks forward to contributing towards the quality of training programmes and ensuring high standards are met and maintained.
