# GPhC Registrant Survey 2013

## Appendix

**General  
Pharmaceutical  
Council**

---

**Authors:** Andrew Phelps, Maya Agur, Laura Nass, Margaret Blake

**Date:** February 2014

**Prepared for:** General Pharmaceutical Council

**At NatCen Social Research** we believe that social research has the power to make life better. By really understanding the complexity of people's lives and what they think about the issues that affect them, we give the public a powerful and influential role in shaping decisions and services that can make a difference to everyone. And as an independent, not for profit organisation we're able to put all our time and energy into delivering social research that works for society.
